

# PRESS RELEASE

City of Pompano Beach

100 West Atlantic Boulevard | Pompano Beach, FL 33060

Press Release Date: 6/14/19

PlanItPompano! Community Workshop  
E. Pat Larkins Community Center  
520 Martin Luther King Jr., Boulevard  
Saturday, June 29th  
10:00 a.m. – 12:00 p.m.

Do you live, work, play, own land or do business in Pompano Beach? If so, the City of Pompano Beach needs your input to help prepare PlanItPompano!, the latest update of our Comprehensive Plan. Throughout the next year or so, the City, with its consultant team, will be working to bring the plan's eight elements up to date, and will offer several opportunities, and multiple ways, for you to participate in this process. The first PlanItPompano! Community Workshop will be held on Saturday, June 29<sup>th</sup> from 10:00 a.m. until 12:00 p.m. at the E. Pat Larkins Community Center located at 520 Martin Luther King Jr., Boulevard

This event will include an "open house" of information of how the City has changed since the Comp Plan was last updated, and a series of discussions centered around the "Future of Pompano Beach." The Workshop is free and family friendly as there will be supervised activities for our younger residents. Refreshments will be provided.

The Comprehensive Plan or Comp Plan, as it is often referred to, is a long-range policy document that Florida State statutes require Pompano Beach and all other Florida local governments to maintain. But the Pompano Beach Comprehensive Plan is much more than that. The plan contains goals, objectives, and policies designed to ensure the orderly and balanced economic, social, physical, environmental and fiscal development of our City. The plan is the blueprint for the future development of our community.

Florida statutes require that the Comp Plan be updated periodically. The entire process will take approximately a year and a half. The Comp Plan may be a long-range document, but it is also dynamic, evolving as community conditions, aspirations, opportunities and challenges change over time. And since the current plan was adopted back in 2010, a lot has changed in our City which the Comp Plan will need to address.

If you cannot attend this Workshop, you can take an online survey to provide your input. Once you register on the project website, you'll be e-notified when an online survey goes live.

To register for the Workshop or for more information visit: <http://planitpompano.cgasolutions.com/>.
