

Plan It! Pompano

INTERGOVERNMENTAL
COORDINATION
ELEMENT

Purpose and Direction: The City will continue to act as a committed team member with regional agencies, neighboring cities and public utility providers to maximize the efficiency of public service delivery; business development; provision of affordable housing; resilience to climate change; emergency preparedness, response and recovery; and other activities that, when coordinated, improve the quality of life for all of the County's residents, visitors and businesses.

Goals, Objectives, and Policies

Goal 13: Establish and maintain processes to assure coordination with other governmental entities and private agencies where necessary to implement this plan, ensure efficient service delivery, promote responsible development and redevelopment, and protect the natural environment.

Objective 13.01.00 –

Maintain continuous communication and coordination with governments and agencies whose plans and activities can directly or indirectly impact the planning activities of Pompano Beach.

Policy 13.01.01

Maintain an active program of monitoring and communication with agencies operating under the provisions of the Community Planning Act, Chapter 163 F.S.

Policy 13.01.02

The City shall continue its involvement with appropriate government entities and private agencies as identified in Table 11-1 within the Data, Inventory and Analysis section of this Element.

Policy 13.01.03

Monitor state, regional, county and municipal special board activities and programs through review of newsletters and reports, attendance at workshops and conferences and other available avenues to identify and respond to those that are relevant to the planning concerns of the City.

Policy 13.01.04

Maintain demographic, socio-economic and development data and make this information available to Broward County, the School Board and other affected agencies and local governments as requested.

Policy 13.01.05

When an impasse is reached with adjacent communities or other local governments over planning concerns, the City in agreement with all affected parties will participate in the SFRPC Mediation Process to resolve the conflict(s).

Policy 13.01.06

Continue to participate in the countywide Enhanced Local Mitigation Strategy (ELMS) effort by attending Mitigation Task Force meetings and submitting mitigation projects annually to be placed on the County's master list.

Policy 13.01.07

The City will coordinate with appropriate local, county, regional and state agencies to address housing needs of special populations within the City.

Policy 13.01.08

The City will coordinate the Comprehensive Plan with the SFWMD's Lower East Coast regional water supply plan to ensure adequate water supplies exist for the City's existing and projected population.

Policy 13.01.09

The City will continue to coordinate with the Broward County School Board on Planning and Zoning Board items as necessary.

Objective 13.02.00 –

Coordinate the Comprehensive Plan including proposed plan amendments with the plans of adjacent municipalities, Broward County, the Broward County School Board, the South Florida Regional Planning Council (SFRPC), the South Florida Water Management District (SFWMD), state agencies, and the state comprehensive plan to ensure consistency and compatibility and to avoid conflicts.

Policy 13.02.01

The City shall review and comment on the plans and proposed plan amendments of adjacent municipalities, Broward County, the Broward County School Board, the Florida Department of Transportation (FDOT), the Broward County Metropolitan Planning Organization (MPO), the SFWMD and the SFRPC, as they are prepared and before they are adopted.

Policy 13.02.02

Where appropriate, the City will use various methods to communicate identified conflicts and potential negative impacts between the plans of adjacent communities and the City's Comprehensive Plan and work toward mutually beneficial solutions.

Policy 13.02.03

The adjacent communities, BCPC and SFRPC will be advised as to inconsistencies and conflicts noted between the respective plans and that of Pompano Beach.

Policy 13.02.04

The City will notify adjacent cities, Broward County, the Broward County School Board, the SFWMD, the SFRPC and other appropriate agencies regarding proposed land use plan changes or other proposed amendments to the City's Comprehensive Plan.

Policy 13.02.05

The City will follow the intergovernmental notification requirements as set forth in Chapter 163 F.S. and Chapter 154 of the City's Code regarding amendments to the Comprehensive Plan.

Policy 13.02.06

The City will participate actively in and communicate with the MPO Technical Advisory Committee (TAC) on at least a bi-monthly basis to exchange information regarding the Comprehensive Plan and other related issues.

Policy 13.02.07

The City will actively participate and communicate with appropriate agencies, including but not limited to county, state, local and regional agencies, to ensure the City's best interests are pursued and developed.

Policy 13.02.08

The City will provide information regarding rezonings, land use amendments and the like to appropriate government agencies, including but not limited to those of the state, county, School Board and municipalities and regional agencies.

Policy 13.02.09

The City will invite a nonvoting representative of the Broward County School Board to review and comment upon comprehensive plan amendments, rezonings and other plans that propose an increase to residential densities within the City.

Policy 13.02.10

The City will coordinate with Broward County and other appropriate agencies to ensure residents continue to receive all available housing assistance, including but not limited to financial assistance and housing placement assistance.

Policy 13.02.11

The City will continue to coordinate with Broward County and other appropriate agencies to develop and implement affordable housing programs, especially those aimed towards assisting low and very low income housing.

Objective 13.03.00 –

Support the establishment of agreements which would allow multiple use and/or collocation of public facilities by various levels of government and their agencies.

Policy 13.03.01

The City will continue to maintain and pursue new recreation lease agreements with the School Board so that the recreational facilities located adjacent to the schools can be used by the residents of the City.

Policy 13.03.02

When considered feasible and beneficial, pursue arrangements to utilize school facilities to supplement the City's available recreation facilities.

Policy 13.03.03

The City will encourage the collocation of public schools with public facilities, such as parks, libraries and community centers, consistent with the School Board's policies.

Objective 13.04.00 –

Pursue and execute interlocal agreements and contracts with other local governments and the County to provide for the most efficient and effective delivery of public services.

Policy 13.04.01

The City will continue to participate with adjoining municipalities in interlocal mutual police and fire aid agreements and services.

Policy 13.04.02

In addition to maintaining existing agreements with Broward County, the City will establish new interlocal agreements and/or service agreements as appropriate with Broward County.

Policy 13.04.03

The City will continue to abide by the policies and procedures, as they may be amended from time to time, set forth in the Amended Interlocal Agreement for Public School Facility Planning.

Objective 13.05.00 –

Coordinate with affected governments and agencies regarding future development and redevelopment activities and impacts.

Policy 13.05.01

The intergovernmental coordination procedures that are established by the City with its neighboring jurisdictions will be compatible with the procedures set forth in the Broward County Land Use Plan.

Policy 13.05.02

The City shall take into consideration the adopted land use plans of and potential impacts on adjacent local governments when reviewing proposals for development or redevelopment.

Policy 13.05.03

Requests for approval of development orders or permits shall be coordinated for review, as appropriate, with adjacent municipalities, suppliers of City services, Broward County, special districts, the SFRPC, the SFWMD, the Broward County School Board, and state and federal agencies through review procedures established in the land development codes.

Policy 13.05.04

The City will continue to support and participate in the Broward County interagency plat review and approval process established in the Broward County and the City's Land Development Regulations.

Objective 13.06.00 –

Pursue and execute agreements and contracts with public utility companies to provide for the most efficient and effective delivery of public services and utilities.

Policy 13.06.01

Through continued coordination with FPL to ensure that there will be an adequate supply of electrical power to support the current and projected growth of the City.

Policy 13.06.02

Ensure that needed support facilities are provided to FPL to service existing and future land uses.

Policy 13.06.03

Utility service facilities shall be permitted in any land use category if the City Commission finds them to be compatible with and to provide appropriate screening and buffering from adjoining land uses.

Objective 13.07.00 –

The City shall continue to coordinate the establishment of Level of Service Standards for public facilities with the state, regional, or local entity having operational and/or maintenance responsibility for such facilities.

Policy 13.07.01

The City shall continue to provide service demand projections and otherwise coordinate with Broward County regarding their provision of water and wastewater service in order to maintain the established Level of Service Standards and capacities of these facilities.

Policy 13.07.02

The City will continue to coordinate with adjacent municipalities that have areas that receive potable water service from the city of Pompano Beach

Policy 13.07.03

The City shall participate in County workshops and provide input to the MPO TAC representative to expedite communication and coordination regarding adopted county roadway Level of Service Standards, capacities, and other transportation-related concerns.

Policy 13.07.04

The City shall continue to communicate with the Florida Department of Transportation (FDOT) to expedite coordination of the state roadway standards and capacities.

Policy 13.07.05

Whenever the governmental entity responsible for providing service to the City modifies the water, sewer, arterial roadway, public transit, solid waste or drainage Level of Service Standards that apply to the City, the City shall amend the affected level of service standard in the City's adopted Comprehensive Plan and Land Development Regulation, as appropriate and applicable.

Policy 13.07.06

Through its representation on the MPO, the City shall inform the County of areas of the City which are not adequately served by public transit as necessary.

Policy 13.07.07

The City shall continue to coordinate with Broward County to implement and maintain the County's transit-oriented concurrency system and to ensure that transportation levels of service in the City are met.

Objective 13.08.00 –

Maintain continuous communication and coordination with governments and agencies responsible for transportation-related planning and activities which can impact the City.

Policy 13.08.01

The City shall monitor and actively participate, where appropriate, in the transportation-related activities of the, MPO, the BCPC, Broward County Mass Transit, FDOT and the South Florida Regional Transportation Authority (SFRTA) to ensure that the City's transportation-related concerns are adequately addressed.

Policy 13.08.02

The City shall continue to participate with the MPO.

Policy 13.08.03

Continue to review and comment on the various transit planning activities through participation on appropriate boards, committees, and the like that are in support of improvements to the public transit system serving the City.

Policy 13.08.04

Cooperate with Broward County, adjacent municipalities, the MPO, FDOT and the SFRTA and other agencies, as appropriate, in projects designed to promote public transit in designated corridors within or adjacent to the City.

Policy 13.08.05

Cooperate and coordinate with Broward County Bicycle Coordinator to develop feasible options for increasing bikeways and pedestrian ways and connections within the City. In developing these feasible options, the City will consider the Broward County Bicycle Facilities Network Plan and the Broward County Greenways Master Plan.

Objective 13.09.00 –

The City, in conjunction with Broward County, Broward County municipalities, and the Broward County School Board, will follow the processes and procedures established in the adopted Amended Interlocal Agreement for Public School Facility Planning (ILA) for coordination and collaborative planning and decision making of land uses, public school facilities siting, population projections, location and extension of public facilities subject to concurrency, and siting of facilities with a countywide significance.

Policy 13.09.01

The City shall coordinate with the School Board, Broward County and municipalities within Broward County to maintain the adopted level of service standards for public school facilities and any amendments affecting public school concurrency.

Policy 13.09.02

The City shall coordinate their planning and permitting processes with Broward County, Broward County municipalities, and the School Board consistent with the processes and procedures established within the ILA as follows:

1. Review and update of the annual District Educational Facilities Plan (DEFP) containing the financially feasible schedule of capital improvements for school facilities needed to achieve and maintain the adopted level of service standards in all concurrency service areas (CSAs).
2. Coordinate County and City land use planning and permitting processes with the School Board's site selection and planning process to ensure future school facilities are consistent and compatible with land use categories and enable a close integration of existing and planned school facilities and the surrounding land uses.
3. Coordinate the preparation of County and City projections for future development with the School Board's school enrollment projections to ensure consistency between the County and City future land use maps and the long term school planning process.

4. Coordinate with the School Board through the Staff Working Group and Oversight Committee regarding the preparation of County and City annual comprehensive plan updates and the School Board's annual update of the DEFP to ensure consistency between the plans.
5. Coordinate with the School Board on the planning, siting, land acquisition, permitting and development of new school facilities to ensure the availability of public facilities, services and grounds, especially for purposes of exploring collocation opportunities.
6. Revise County and City land development codes and School Board policies to establish a county-wide public school concurrency system.

Policy 13.09.03

The City shall discourage development proposals that exacerbate school overcrowding, except when mitigation measures to reduce negative impacts on the affected school facilities are agreed upon by the City and the School Board.

Objective 13.10.00 –

The City will maintain a Water Supply Plan for a ten (10) year planning period addressing water supply facilities necessary to serve existing and future development within the City's water service area, in coordination with Broward County and adjacent municipalities within the City's water service area.

Policy 13.10.01

The Water Supply Plan will be consistent with the potable water level-of-service standards established in the Infrastructure Element.

Policy 13.10.02

The City will coordinate with the South Florida Water Management District (SFWMD) related to updating the City's Water Supply Facilities Work Plan within 18 months after the SFWMD updates the Lower East Coast Regional Water Supply Plan Update.

Policy 13.10.03

When updating the Water Supply Plan, the City will seek alternative sources of water in order to meet projected demand increases as necessary.

Policy 13.10.04

The Water Supply Plan will be used to prioritize and coordinate the expansion and upgrade of facilities used to withdraw, treat, store and distribute potable water to meet future needs.

Policy 13.10.05

The City will establish and maintain, at a minimum, a current five-year schedule of capital improvements for the improvement, extension and/or increase in capacity of waste facilities.

Objective 13.11.00 –

The City shall strive to make sustainability and climate resiliency decisions on the most current, applicable and credible information available; and through coordination and cooperation make sustainability and climate resiliency efforts more impactful.

Policy 13.11.01

The City shall coordinate with Broward County and other appropriate agencies in the implementation of adaptive management strategies to improve the climate change resiliency of water and wastewater transmission, disposal and treatment systems and infrastructure and resources.

Policy 13.11.02

The City shall continue to coordinate with local, County, regional, State and federal agencies and other non-governmental entities and academic institutions in the ongoing assessment of climate change and sea level rise, and continue to collaborate in the identification and implementation of appropriate mitigation, protection, accommodation and adaptation strategies.

Policy 13.11.03

The City shall coordinate with Broward County, and other participating agencies and Counties in the Southeast Florida Regional Climate Change Compact, in the identification of modeling resources and development of initiatives and goals to address climate change.

Policy 13.11.04

The City shall continue to coordinate regionally with southeast Florida counties and municipalities, academia, and local, regional, State and federal agencies in the analysis of sea level rise, drainage, storm surge and hurricane impacts and the planning of mitigation and adaptation measures.

Policy 13.11.05

The City shall continue to actively monitor the Southeast Florida Regional Climate Change Compact, and shall coordinate with neighboring municipalities to share technical expertise, assess regional vulnerabilities, advance agreed upon mitigation and adaptation strategies and develop policies and programs.

Policy 13.11.06

The City shall seek to and support cooperative efforts to engage the support of federal agencies, such as National Oceanic and Atmospheric Administration, U.S. Geological Survey, Federal Emergency Management Agency, Environmental Protection Agency, the U.S. Department of Interior, U.S. Department of Energy, and the U.S. Army Corps of Engineers, that can provide technological and logistical support to further state, regional, county, and local planning efforts in the assessment of climate change vulnerabilities and adaptation strategies.

Policy 13.11.07

The City shall promote partnerships between local government agencies, universities, professionals and practitioners, to foster an environment for connecting scientific research and education with practical applications that will contribute to the resiliency and adaptation within the built and natural environments to the impacts of climate change.

Objective 13.12.00 –

The City shall plan and coordinate response for emergency preparedness and/or post-disaster management in the context of climate change.

Policy 13.12.01

The City shall ensure adequate planning and response for emergency management in the context of climate change by maximizing the resilience and self-sufficiency of, and providing access to, public structures, schools, hospitals and other shelters and critical facilities.

Policy 13.12.02

The City shall continue to communicate and collaboratively plan with other local, regional, state and federal agencies on emergency preparedness and disaster management strategies including incorporating climate change impacts into updates of local mitigation plans, water management plans, shelter placement and capacity, review of major trafficways and evacuation routes, and cost analysis of post disaster redevelopment strategies.

Policy 13.12.03

The City shall consider the public health consequences of climate change, such as extreme temperatures and vector-borne diseases, and take steps to build capacity to respond to or support other agency responders.
